

Pharmapack Asia 2026

3 - 4 November 2026

Marina Bay Sands, Singapore

For the first time, the globally recognised Pharmapack brand comes to Asia, creating a dedicated marketplace for pharmaceutical packaging, drug delivery and manufacturing technologies. Bringing together solution providers, pharmaceutical manufacturers, CDMOs, innovators and key decision-makers from across the region, Pharmapack Asia provides a focused platform to showcase solutions, build valuable partnerships and unlock new business opportunities across Asia and beyond.

CDMO Innovation Zone

Bring your Innovations to Asia's gathering of Pharmaceutical Companies

Showcase your innovations to pharmaceutical companies seeking new technologies, capabilities and partners across the development and manufacturing value chain. The CDMO Innovation Zone offers innovators, emerging companies and solution providers a dedicated platform to demonstrate their expertise, build industry connections and explore opportunities for collaboration.

Supported by:

Who will exhibit

- Contract development and manufacturing organisations (CDMOs)
- Pharmaceutical and biotech start-ups
- University spin-offs and research commercialisation teams

Expect to meet

- Pharmaceutical and biopharmaceutical manufacturers
- R&D, formulation and product-development teams
- Manufacturing and technology-transfer professionals
- Procurement and partnership decision-makers
