

Pharmapack Asia 2026

3 - 4 November 2026

Marina Bay Sands, Singapore

For the first time, the globally recognised Pharmapack brand comes to Asia, creating a dedicated marketplace for pharmaceutical packaging, drug delivery and manufacturing technologies. Bringing together solution providers, pharmaceutical manufacturers, CDMOs, innovators and key decision-makers from across the region, Pharmapack Asia provides a focused platform to showcase solutions, build valuable partnerships and unlock new business opportunities across Asia and beyond.

ASSOCIATION

Connect your solutions with Asia's pharmaceutical supply chain

Position your company before pharmaceutical manufacturers and industry stakeholders looking for reliable and specialised logistics partners. The Pharma Logistics Zone provides a focused platform for companies offering cold-chain logistics, temperature-controlled transportation, warehousing, supply chain visibility and other solutions supporting the safe and efficient movement of pharmaceutical products.

Who will exhibit

- Pharmaceutical logistics and supply-chain providers
- Third-party logistics providers (3PLs and 4PLs)
- Cold-chain logistics specialists & solution providers
- Temperature-controlled transportation providers

Expect to meet

- Pharmaceutical and biopharmaceutical manufacturers
- Supply-chain and logistics decision-makers
- Quality and regulatory professionals
- CDMOs, healthcare organisations and regional distributors

Special Rates for SLA Members
